

Discussion of LION Workgroups for 2006-2007, draft

LIO Program Outreach and Education

- Collect and organize media or other best practice stories representing Wisconsin LIOs and the WLIP
- Prepare materials for use in advance of legislative, GIS Day, or other educational opportunities
- Develop local elected official informational package related to county LIO programs; include in legislative directory?

Wireless 911

- Monitor and report on grant awards and projects related to wireless 911 implementation in Wisconsin.

Wisconsin Coordinate Reference Systems (WISCRS)

- Support and facilitate LIO implementation of WISCRS, the redesigned statewide set of county coordinate systems.

LION/WLIP Visioning

- Review trends in the WLIP from the perspective of county LIO programs (trends in retained earnings, grant awards, staff and program capacity, measurable accomplishments, institutionalization of LIO programs....)
- Assist with the development of a strategic visioning session for the LIO Network to identify strategic issues and activities for the organization
- Obtain LIO input for LION participation in emerging statewide programs and initiatives as a key stakeholder in the WLIP (Note: WLIA has graciously offered assistance with LION expenses using CAP grant funding)

LIO Manual Review

- Review LIO Manual for needed updates or additional information to reflect legislative program changes and current activities of the Wisconsin Land Information Program.

LION By-laws Review

- Review LION by-laws for needed updates and modifications based on recent changes or activities in the Wisconsin Land Information Program.
